proposal.
Seventy

3-4 hrs

THE FIX

Proposal Engine - start here. Sign-off-ready AI drafts in under 10 minutes, in your own voice.

THE ASK

Here is how to evaluate this, if we were you.

Five criteria that would matter if Swati put three vendor proposals side by side. This is the rubric.

Time to first real value

Can you see one project running in 3 weeks before committing the full budget? Yes,

Who owns the code and data

Work-for-hire. Client owns the code and the data on day of
